

FOR IMMEDIATE RELEASE

Staff News at Leaseurope

Brussels, 10 June 2014 – Leaseurope, the trade body representing the leasing and automotive rental industry at European level, is announcing that Director of Asset Finance and Research Jacqueline Mills will step down effective 4 July 2014 to pursue another career opportunity. Leaseurope will announce a succession plan shortly.

Jacqueline joined Leaseurope in 2004 and served in various roles within the Federation prior to her promotion to Director of Asset Finance and Research in June 2012.

“On behalf of Leaseurope and the entire team, I want to thank Jacqueline for her truly exceptional contribution to the Federation over the past ten years. Jacqueline has been instrumental in our efforts to build a strong and deep pool of talent within our organisation,” declared Tanguy van de Werve, Leaseurope’s Director General.

“The past ten years with Leaseurope have been a fantastic learning experience. We’ve built a dynamic organisation that’s at the forefront of industry’s response to legislative developments and delivers on membership needs for quality research and European-wide statistical products. I’d like to thank my colleagues at the Leaseurope Secretariat for their dedication and collaboration over the years and look forward to seeing the fruits of the many new projects they will undertake in the future. It’s also been a pleasure to work with the many inspiring and committed people this industry generates. These individuals have truly communicated their passion for leasing to me and this is something I will carry with me for the rest of my career,” said Jacqueline Mills. “I have a great opportunity ahead and will remain in the financial services representation sector where I will be joining the Association for Financial Markets in Europe (AFME) as a Director in its Prudential Regulation Division.

Jukka Salonen, Leaseurope’s Chairman, added “We are grateful to Jacqueline for her many years of service to Leaseurope. She has built a strong research team and has been an outstanding advocate in Brussels and beyond for the European leasing industry. Her contribution and dedication, when representing the industry on complex files such as the lease accounting project and prudential supervision, are widely recognised by all. We will miss Jacqueline’s passion and leadership. On behalf of Leaseurope, please join me and Tanguy in wishing Jacqueline the very best of luck and the greatest of success in all her future endeavours.”

About Leaseurope

As a Federation, Leaseurope brings together 44 associations throughout Europe representing either the leasing, long term and/or short term automotive rental industries. The scope of products covered by Leaseurope’s members ranges from hire purchase and finance leases to operating leases of all asset types (automotive, equipment and real estate) and also includes the rental of cars, vans and trucks. It is estimated that Leaseurope represents approximately 92% of the European leasing market. For more information, please visit our website at www.leaseurope.org.
