Leaseurope Welcomes Drive Software Solutions as Associate Member

Brussels, 31 August 2015 – Leaseurope, the trade body representing the leasing and automotive rental industry in Europe, is pleased to welcome Drive Software Solutions, the technology company responsible for the DRIVE system, as its latest associate member.

Drive Software Solutions have a 25 year track record of creating and developing DRIVE, the Oracle based single platform leasing, fleet management and mobility solution. DRIVE is currently installed and operating successfully in some of the world's largest and most successful vehicle leasing and fleet management organisations.

Talking about becoming associate member of Leaseurope, Drive Software Solutions' Chief Executive Andrew Burns said, "Everyone at DRIVE is completely focussed on making leasing and fleet management business more agile and efficient. As partners to some of the biggest names in leasing, the team and I at DRIVE see that Leaseurope is dedicated to promoting the interests of leasing and automotive rental. For this reason we believe that Leaseurope is an organisation that we are keen to support and proud to be associated with."

Welcoming Drive Software Solutions into associate membership, Leaseurope's Chair Enrico Duranti commented, "It is great news that Drive Software Solutions is joining Leaseurope. Our associate members include a number of leading players who support the leasing and automotive rental industry all over Europe and have proven to be valuable partners for our Federation. We appreciate the value of the types of solutions Drive Software Solutions provides for the mobility, automotive and vehicle management sectors and we look forward to working with Andrew's team."
