#### **Worldwide Leader in Asset Finance and Asset Portfolio Management Software Cassiopae Joins Leaseurope as Associate Member**

---

**Brussels** – Leaseurope, the voice of leasing and automotive rental at European level, is pleased to welcome Cassiopae as its newest associate member.

Cassiopae is a worldwide leader in asset finance and asset portfolio management software. The company's highly-configurable, multi-lingual, multi-currency software helps manage a wide range of basic to complex, performing and non-performing loans, leases, and assets totalling more than 200 billion euros for over 300 customer sites in 32 countries.

Commenting on the coming on board of Cassiopae, Leaseurope's Director General T. van de Werve stressed that "the decision of Cassiopae to join Leaseurope is indicative of the success of the Associate Membership Programme launched by Leaseurope a couple of years ago. More importantly, it illustrates the need in the current environment for a truly European platform offering to all our members many opportunities to meet, network, share views and best practice as well as leverage expertise. With the Programme gaining momentum, I anticipate that other companies from various backgrounds will want to join Leaseurope's membership in the coming months."

According to Emmanuel Gillet, CEO of Cassiopae, "Our Associate Membership demonstrates our continued support for Leaseurope's efforts to create a highly-valued European platform for the leasing and auto rental industries. We look forward to working in partnership with Leaseurope."
